KILLARNEY URBAN FARM

We are a purpose-built state-of-the-art hydroponic farm and we are a long-term sustainable solution as part of the O'Donoghue Ring Collection's environmental policy - 'Our Green Way'. It is Ireland's first hospitality hydroponic urban farm, growing for and servicing bars, restaurants, and hotels in Killarney. With the mission to innovatively curtail food miles, reduce partners' carbon footprint and produce the freshest produce around.

The vision is to contribute every day to a new, healthier more responsible food system. We are passionate about producing fresh, healthy, pesticide-free, sustainable salads, vegetables, and herbs, all year round. To achieve this aim, we decided to produce locally, in the heart of Killarney.

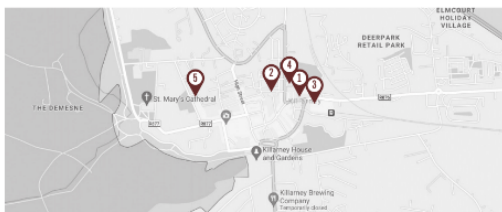

With cutting-edge research and development, patented technologies, and a leading multidisciplinary team, 'The Kube Bar' was redeveloped into an innovative space. Our lush and leafy hydroponic Green Towers are designed to produce fresh, delicious high-quality food on a hyper-local level.
